EXPERIENCE

Menards, Independence MO - Sales Associate

SEPTEMBER 2020 - PRESENT

- I help guests with anything they need within the store and help them find the best solutions to any projects they are doing.
- I work on the aisles and displays when they need updating.

Nazarene Theological Seminary, Kansas City MO - IT

JUNE 2023 - PRESENT

- I fix computers and help people with any IT issues they have.
- I work on the website connecting it to the database.
- I install different devices like wifi extenders, speakers, or monitors

UMKC MIDE, Kansas City, MO - Research Assistant Internship

JUNE 2023 - AUGUST 2023

- During this internship my group created and used a GAN model which is a type of machine learning model to create synthetic data by giving the model real data.

VR Game Development - Team Leader

- I worked in a team to develop a survival game. We learned how to use new software to develop the game using C# and the unity engine.
